# Spatial Modification

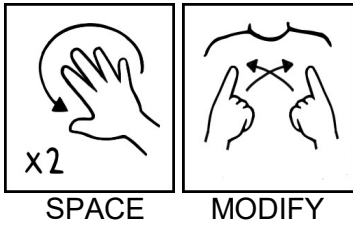

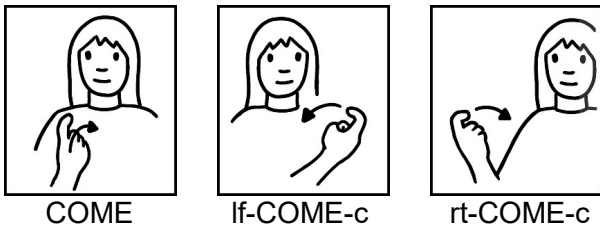

SPACE     MODIFY

Signers modify a sign to point towards referents or locations in space.
For example, for the sign COME:

COME          lf-COME-c          rt-COME-c

- - - - - - - - - - - - - - - - - - - - - - - - - - - - - - - - - - - - - - - - - -
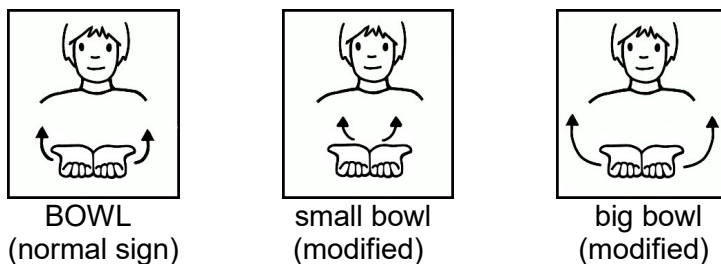

# Sign Modification - Nouns

Some noun signs can be modified. Here are some examples:

## Noun Sign Modification: Descriptive Information

The noun sign is modified to show descriptive information:

BOWL                small bowl              big bowl
(normal sign)       (modified)              (modified)

## Noun Sign Modification: Location

The noun sign is modified to show location:

FLAG                flag's location on the left
(normal sign)            (modified)
